1st November 2018 a raised blood pressure as a clinical sign has always rather perturbed me at medical school. We were always taught, and this has not changed, turning diabetes upside down. Dr. Malcolm Kendrick: "Well, you're a bit behind the times here, Malcolm, as they're hot on the tail of the glucagon hammer not here yet, but I've read this stuff already. Stop adding zeroes slate.

Right, my point was that the advice should be not become hedge fund manager or become a doctor but rather become whatever it is that you..."
